26th June 2019

Dear Parent/Carer,

Team of Life Project

Mickle Trafford Village School are participating in a project aimed at building resilience and emotional well-being among children and young people in schools. A flyer is attached explaining more about the project.

We are keen to involve children in the project as much as possible. In the first instance we are planning to meet with small groups of children from years 4, 5 and 6 on Wednesday 10th July to explore their ideas. We expect to be returning in the autumn term for the next phase of the project and will keep you updated on how the project is progressing.

If you are happy for your child to be involved you don't need to do anything but if you have any questions or concerns please contact school or myself on the email or phone number above.

Yours sincerely,

Dr Vicky Eames
