What should you do if someone you don't know speaks to you online?

- Don't panic- Tell an adult that you trust
- Block it
- Report it
- Don't respond to it

What should you NOT share online?

- ❖ Your Name
- ❖ Where you live
- ❖ How old you are
- ❖ What school you go to
- ❖ Your phone number
- ❖ Anything private to you

How to stay safe online

- ★ Don't use the internet when you are on your own
- ★ Tell an adult straight away if someone you don't know messages you
- ★ Never tell anyone anything that's private!

BE SMART ONLINE

S

SAFE

Keep your personal information safe. When chatting or posting online don't give away things like your full name, password or home address. Remember personal information can be seen in images and videos you share too. Keep them safe to keep yourself safe.

M

MEET

Meeting up with someone you only know online, even a friend of a friend, can be dangerous as this person is still a stranger. If someone you only know online ever asks you to meet up, for personal information or for photos/videos of you then tell an adult straight away and report them together on www.thinkuknow.org.uk

THINK
UK
KNOW

A

ACCEPTING

Think carefully before you click on or open something online (e.g. links, adverts, friend requests, photos) as you never know where they may lead to or they may contain viruses. Do not accept something if you are unsure of who the person is or what they've sent you.

R

RELIABLE

You cannot trust everything you see online as some things can be out of date, inaccurate or not entirely true. To find reliable information compare at least three different websites, check in books and talk to someone about what you have found.

T

TELL

Tell a trusted adult if something or someone ever makes you feel upset, worried or confused. This could be if you or someone you know is being bullied online. There are lots of people who will be able to help you like your teachers, parents, carers or contact Childline – 0800 11 11 or www.childline.org.uk

BE SMART WITH A HEART

Remember to always be smart with a heart by being kind and respectful to others online. Make the internet a better place by helping your friends if they are worried or upset by anything that happens online.

Keep your personal information safe

Never meet up with someone you have met online. You have no idea who they really are.

Only accept friend requests from people that you know in real life.

Information on the internet isn't always true – check it before you use it.

Tell an adult if something or someone ever makes you feel upset.

Be respectful to others online.
